Summer's freedom lost, a new year  
begun.

Indian summer's false brilliance, hiding  
the routine of studies.

Accustomed once again to learning,  
studying; renewing acquaintances, settling  
down.

The thrill of football games, a break  
in routine.

Glad preparation for a holiday.

Happiness everywhere.

Mounting tension, worry, exams.

Comradeship, understanding each other's  
worries and joys.

A let-down in tension; a gay rebirth  
in spring.

Joy, new loves, old loves.

Once again study, work, tension, exams;  
no time afterwards to celebrate, relax.

Graduation, tears of sorrow and happiness,  
farewells.

An end and a beginning . . .

# REFLECTIONS

# T U M N

**Reflects** . . . a fresh, cool breeze; the last, blossoming flower; another student body.

Eagerness, interest, a time of spirit. Football games, pep rallies, bonfires, parades, pretty girls, dances, and campaigns.

Knowledge renewed and reviewed. Time for study . . . and time for play.

The pride of seniors, flashing rings; the knowledge of juniors, many books; the wisdom of sophomores, eager faces; the spirit of freshmen, friendly greetings.

The time of year when all is fresh . . . a beginning . . . and an end.

# N T E R

**Reflects** . . . a briskness in the air . . . a chill that warms.

Competition, hard work, many books, then joyful celebration and a quiet descend over the school . . . a time of "Peace on Earth", resolutions, happiness.

Back to the grind, exams, relief. The year is halfway through.

Plays, comradeship, snow, playing, working, waiting.

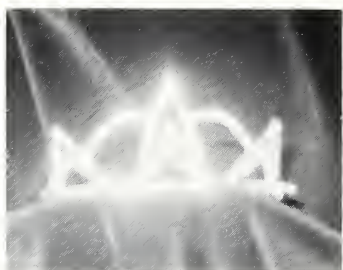

Scores, exam grades, happiness, despair; applications, forms, suspense, acceptance, a sense of security.

The play . . . tryouts; the band; work, rush, hurry, don't stop.

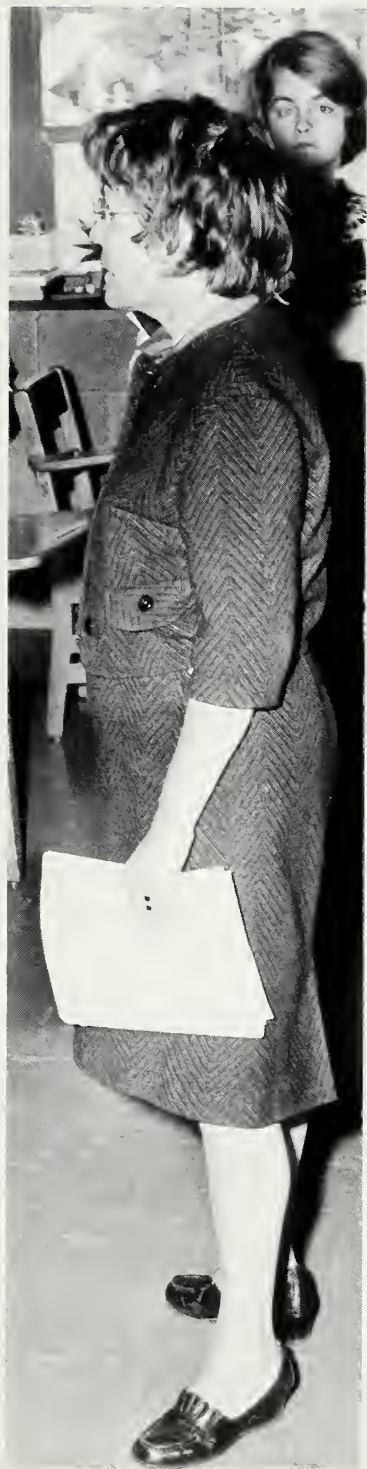

A calm . . . it's over. A lull, an intermission before the end. A time to wait before we are caught up again.

*Shirley*  
*Susan*  
*Susan*

# R I N G

**Reflects** . . . a hint of warmth, a glad song,  
a buzzing bee!

A new beginning, an awakening. A sag in  
studies. Spring fever!

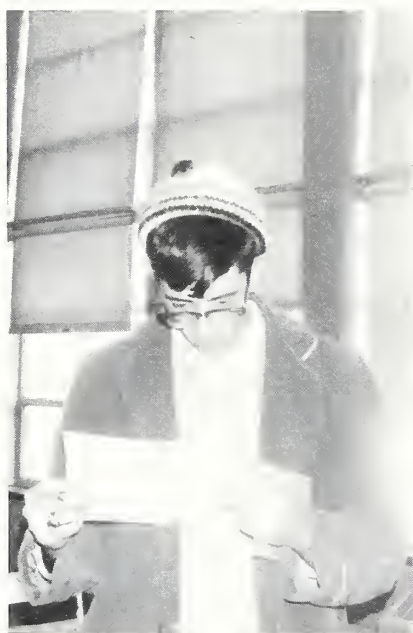

Inductions, initiations, happiness, misery.

Nights of toiling under the sea for one night  
of dancing, laughter, gaiety.

Bright days, warm nights, happiness, picnics,  
fun. Studies?

Anticipation! An end is near. A somber march,  
a long wait, tears, joy! A new beginning . . .  
this is spring.

Carefully explaining, gently prodding toward perfection, they guide us in our search; wisely leading, skillfully describing, they whet our hunger for knowledge.

Tiring days, annoying students, rushing, teaching, grading mounds of papers; an end of our day . . . long hours for them; into the night, grading exams; preparing for classes; no time for fun, only work.

Ballgames, selling tickets; bus duty; ballgames, selling programs.

Guiding, toiling, they are fulfilled by our eager learning.

# CURRICULUM

"And then Goldilocks said . . ."

"C'est une faute, n'est—ce pas?"

## ENGLISH AND FOREIGN LANGUAGES

English insures the correctiveness of our everyday speech. Through themes, debates, discussions, and studies of the basic grammar involved, students learn to communicate with and understand others.

Our foreign languages provide an insight into the culture of the people in various countries. French and Latin give a fundamental background including art, culture, and the foundation of our English language.

"Once upon a time . . ."

"I know you couldn't have cheated with this paper!"

"Abdomen, thorax, wings . . . where's the head?"

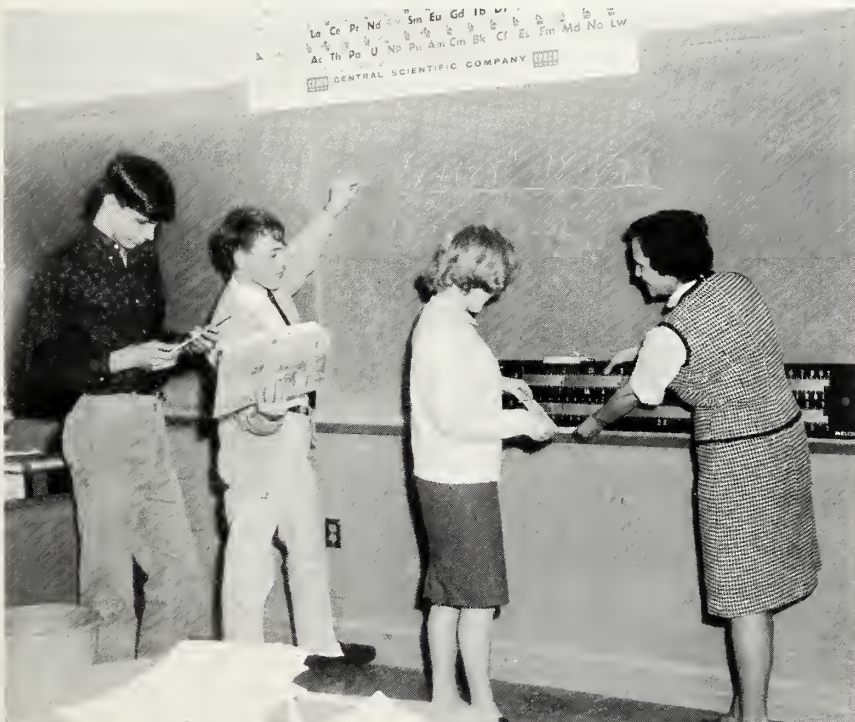

"Why in the devil? Why . . ."

## SCIENCE AND MATH

In a world which is constantly being changed by science, one must be well-acquainted with both science and math. Marion High's math department includes Mathematics, Algebra I & II, Plane Geometry, Solid

Geometry, and College Algebra. In the sciences, students receive a good background in physics, chemistry, general science, and biology.

"But, Mrs. Lonon, I have trouble with 4 divided by 2!"

"It says here that if the solution turns black, run!"

"Ah, don't hog the funnies section, Mr. Williams."

"Is that an island or a pencil mark?"

## SOCIAL STUDIES

A history of a world is placed before us in these classes. Records of the past are scrutinized to find hints of our future. Human behavior is studied, current

events discussed and analyzed. The great cycle called history is well worth time and effort spent in study.

"Fourscore and seven years ago . . ."

"Spare me!"

"I was never this good at tic-tac-toe before."

"If I see just one more typewriter—one more typewriter . . ."

## COMMERCIAL STUDIES

"Practice makes perfect."

. . . "j, k, j, space . . . f, d, f, space" . . . This is only the beginning for Typing I students. Yet, this is also a beginning for preparation for a possible job or career in the commercial business field. Typing II, Shorthand, Secretarial Practice, and Book-keeping also add to this preparation for future life. No regret ever comes from students who have mastered these skills and studies.

"Well, you could always eat out."

"I believe you put the collar in backwards."

## HOME ECONOMICS AND SHOP

A luscious fragrance drifts from the Home Economics Department. Our young homemakers are learning the way to a man's heart. Washing, ironing, sewing, cooking . . . the domestic arts every girl needs to learn, are presented in this department.

"What is it, anyway?"

Hammering, sawing, creating, the boys in shop are learning a useful craft that will be indispensable to them throughout their lives. Perhaps a hobby, perhaps a trade . . . this art will go with them always.

"You can always put two grooves in it and call it an ashtray."

"Wh-o-o-o-a!"

## HEALTH AND PHYSICAL EDUCATION

A time to work and a time to play — or a time for both. Students exercising their bodies and having some good, healthy fun at the same time . . . this is our P.E. course.

Sore muscles and quick clothes changes are accepted consequences to a rigorous program of physical fitness.

In the classroom, students study the body and its functions, learning the great mysteries of the human body.

This course does much to round out a student's education by keeping him a physically sound, well-informed person.

"Allah, Allah!"

"Rock-a-bye baby . . ."

Jenny,

I probably never would have survived the year without your assistance. For all you have done - I thank you. I'll miss you next year - so drop by to chat. Best wishes for a wonderful future.

Sincerely,

Dpoose

"Now, this much goes to the General Fund."

"Oh, Br-a-a-a-ther!"

## INDUSTRIAL ARTS, D.E., AND I.C.T.

A practical course of combined classroom study and outside jobs, Industrial Arts trains the student in a vocation by a method of learning and application.

While learning more about his job or the one for which he is preparing, the student can continue in his studies at school.

"Think happy thoughts and do things that make other people happy."

"Laak, look, Sally. See Spat run!"

The chorus during a practice.

## MUSIC DEPARTMENTS

The Music Department consists of two bands and a chorus. The first band is the Symphonic Band (mostly juniors and seniors) and the second band is the Concert Band (mostly freshmen and sophomores).

Both band and chorus are designed to acquaint the

student with the fundamentals of music. Students acquire an appreciation for music and a skill in playing or singing, which will be of great value to them all their lives.

"B-u-u-r-r-um . . . Hold that Tiger!"

"I thought you said you practiced."

Meetings . . . everywhere a meeting,  
no free time, only meetings. But we must  
learn all we can, so we make time. Give  
of yourself, contribute to each . . .  
impossible, but we must, so we give more  
than we have.

Leadership, character, responsibilities,  
all are important. Learn, increase your  
knowledge. So much to learn, so little  
time. Rush, push yourself, quench your  
thirst for knowledge.

Prepare yourself, responsibilities, citi-  
zens of tomorrow . . . a constant refrain  
that cannot be ignored.

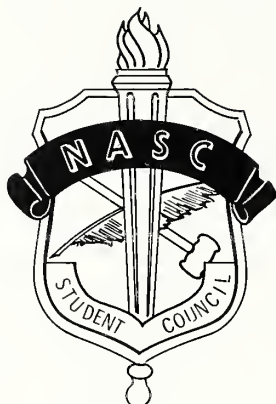

Answer the refrain, form organizations,  
lead, follow, be of service, and grow into  
maturity.

# ORGANIZATIONS

## STUDENT COUNCIL

The backbone of the MHS student body, the Student Council works continually behind the scenes to keep our school in working order. They do the little, thankless jobs that otherwise wouldn't be done.

## KEY

Each year boys of high character, and competent leadership are inducted into this, one of the most highly respected clubs of Marion High School. The Key Club is constantly striving to serve others, promote higher ideals in scholarship, and sportsmanship, and aid its school and community in any possible way.

This year the club sponsored a candidate for Governor of the Corolino district of Key Club International. They also sponsored a candidate for Lieutenant-Governor of their district.

**Left to right:** Pot Wilson, Secretary; Steve Neighbors, Vice President; Bill James, President; Henry Wilkinson, Treasurer.

## CLUB

This leading service club has always endeavored to find a service project which will benefit the school and the community. Its leading project is the annual toy drive which was conducted very successfully this year. Many hours were spent repairing these toys for the orphan children living nearby.

The club served at the annual McDowell County Teacher's Banquet. Also, they bought walkie-talkies for the athletic department and an amplifier system for the school auditorium. These are fine examples of the outstanding ambition of the Marion High School Key Club.

## NATIONAL HONOR SOCIETY

To be elected to membership in the National Honor Society is the most outstanding achievement open to juniors and seniors at Marion High School. The purpose of this organization is to stimulate, encourage, and reward scholarship, leadership, service, and character. It is all these four quality points that faculty mem-

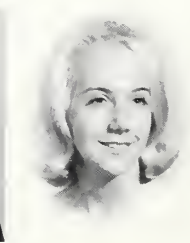

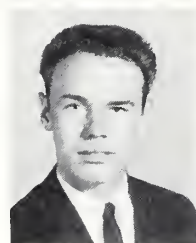

bers vote on the eligibility of a prospective member. Candidates must have spent at least one semester at Marion High School and have a scholastic average of not less than ninety per cent. These new members are inducted in the spring in one of the most impressive ceremonies held at Marion High School during the year.

"Work, work, and more work," is the slogan which this hard-working, dedicated group lives by.

Taking pictures, writing copy, selling ads, and such take all their spare time.

For five grueling months this stuff lives, eats, and sleeps the Hylander. Much credit is certainly due to this devoted staff and especially to the editors.

Covering news at Marion High School is no easy job. All members of the Marionette Staff, especially the editor, work hard in putting out a paper worthy of Marion High students. Each edition is usually printed for special occasions such as Homecoming, Christmas, and Graduation. For the first time in the history of Marion High School, nine papers were printed during the year.

## MARIONETTE

Mrs. Betty Freeman, Sponsor

Also this year, the first six-page papers were printed. These are fine examples of the splendid enthusiasm, initiative, and competency of the Marionette Staff. Many improvements and additions highlighted the 1965-1966 year of the Marionette Staff.

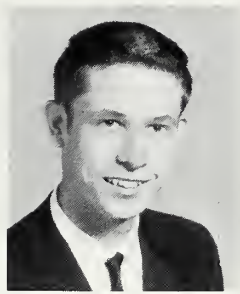

Each year the Marionette Staff sponsors the Marionette Revue. This is the contest in which "Miss Marion High" is chosen.

The Art Club provides a cultural activity which will add to the education of anyone. Not only does it give students with artistic ability an opportunity to express themselves, but it also offers enlightenment for all on many different types of art.

For the more talented members, an exhibit is judged once each year. And for the art lover, films and guest speakers on painting and sculpture are offered.

Sponsored by Mrs. Dorothy Lonon, the Photography Club enables students to gain experience in taking and developing photographs. Members learn the mechanics of a camera and the process of film exposure. They are instructed in dark-room work and in proper methods of taking pictures.

The club is planning to take several educational field trips this spring.

The training received in this organization is useful to many. The knowledge gained in the field of photography may be the beginning of an interesting hobby, or perhaps a rewarding career in photography.

## FUTURE TEACHERS OF AMERICA

A club for aspiring young teachers, the Future Teachers of America gives the student an opportunity to learn more about the teaching profession and, at the same time, to be of service to the school.

Once a year, members attend the state convention, where officers of the state F.T.A. are chosen for the coming year.

**Left to right:** Brenda Reel, Secretary; Fronkie Holl, President; Foy Fortner, Treasurer; Jane Burnett, Vice President.

At school, the F.T.A. sells programs at all the ballgames and participates in many other service projects.

## FUTURE HOMEMAKERS OF AMERICA

The F.H.A. is an outside activity that supplements the Home Economics course. It is an organization for students taking Home Economics. No one else is eligible for membership.

Members give programs and skits in the meetings to add to each person's knowledge of homemaking.

Each year members may attend the annual convention held at North Carolina State University in Raleigh.

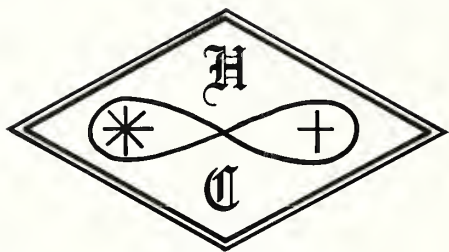

F.H.A. is training the women of tomorrow in their greatest and most important task . . . that of caring for a family and home.

## PEP CLUB

Cheering, screaming, hollering for all they're worth . . . this support from the Pep Club at all ballgames boosted our ball teams on to all their victories. Without the leadership of this club in the cheers, the spirit of MHS would certainly die.

Football pep rallies would surely be lacking without our energetic Pep Band. The many hilarious stunt crea-

tions, the rousing fight songs, and the extra cheering contributed much to support our ball team. The Pep Band, this year, has contributed a spark of clever humor as well as hard work toward our football pep rallies. This year the Pep Band is under the direction of Steve Neighbors and Ed Miller.

Anticipation, eagerly awaiting the night.  
Old friends, new honors, a long march,  
flowers.

A queen is crowned. Smiles . . .  
happy smiles, frozen smiles; lovely faces.

An exciting game; then dancing, at  
first reluctant, then energetic, fun-filled.

Friendships renewed; a view of the old  
school.

An interlude of parties, ballgames,  
dances.

Then, once again, preparations.  
Excitement, competition; a choice is made,  
a vote cast . . . a new reign begins.

Another tradition . . . juniors toiling,  
decorations made, a fantasy created.

Long hours of work, one night of  
happiness. Dancing, laughing, late hours,  
a good time.

A sense of tired fulfillment for some,  
for others, fond memories.

Feminine in manner, but masculine in skill, our girl's basketball team strives hard to display the many strenuous hours of practice and work which go into every game.

Pitching, catching, batting, and running all combine into this exciting sport to build a spirited team of well-trained baseball players for Marion High School.

Nearly every student has participated in the game of baseball sometime during his lifetime and has become acquainted with its rules. Knowing the game so well would naturally draw extreme interest when baseball season rolls around. This is more evident when the students of Marion High proudly support their highly skilled team.

OF '66

"Eagerly we entered not knowing what awaited us,  
and we found others like us:  
reaching, withdrawing, indifferent  
we are of every kind.  
And in our diversity we teach.  
In learning we come to understand.  
Here we are shaped,  
the creation of a being designed to last a life.  
Much of what we have  
though formed by us  
is the gift of the others.  
And what we take we also leave  
in continuity for those who are to come."

Struggling, slaving, toiling always  
... will it never end?

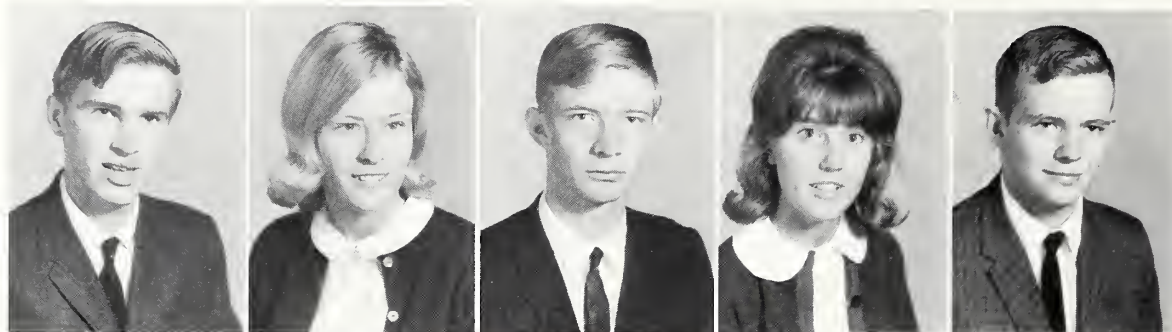

They realize now the importance  
of knowledge and begin as never be-  
fore.

Sleepless nights over work and more  
that never ends.

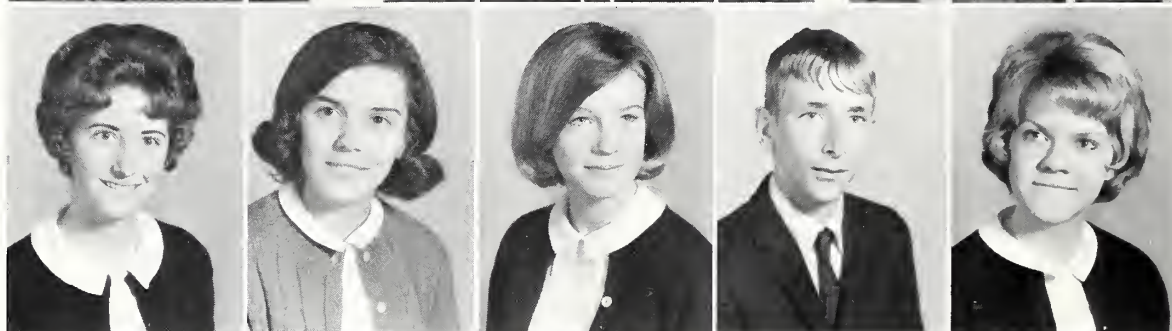

They seek the reason for their la-  
bor and find it worth much more than  
their younger days could realize.

Yes, they want to follow the "elders" and act as noble, intelligent scholars, though fun and joyous life are their sole modes of activity.

In time they will learn.

Jenny,

Well here we are again at the end of another year. It's really slipped away hasn't it. I wish it were just beginning. Our Sophomore year hasn't been wasted though. I've had some really wonderful times at football and basketball games.

We sure have been together a lot this year. Remember the homecoming dance and S.J. girlfriend. Oh that was awful. Remember Canser in our ~~hose~~ hose, the reflections, and John's teeth. We sure have had fun.

Remember Walk in the Black Forest and Graham Crackers. Those to dogs were pretty wild.

Jenny, you're a great friend and I'll never forget you. When you and Nick and Me and Freddie are old we'll sit around the fire place and read all these gummy things.

Best of Luck to a deserving girl.

Love ya,
